### Reconstruction of the Agro Food Park road

This autumn we will be reconstructing the Agro Food Park road.

This means that during the construction period **the road will be blocked for all traffic from Paludan Müllers Vej in the south to all addresses in Agro Food Park**, starting

**Sunday 2nd of September until Sunday 14<sup>th</sup> of October**

It will still be possible to access **all addresses coming from the north** (via Søftenvej or via Kasted / Topkærvej respectively, dependent on which direction you come from). **The cycle path from Paludan Müllers Vej will not be block**, but is expected to be open to traffic during the construction period.
